

Games Design Summer Learning Work – Unit 33 2D Animation

Animation4You have employed you as a digital 2D animator which specialises within the charity sector. Your company has been selected to produce a 15-30 second animation to accompany an online promotional/educational campaign encouraging young people to recycle more. You will be expected to plan your animation carefully using the storyboard provided.

Your summer learning task is to design a concept for the recycling animation using the storyboard provided below.

The storyboard can either be completed digitally or on paper and then you will need to scan it in for submission.

Submission Details

Print or email your storyboard ready for submission on the first lesson in September 2023.
