

T Level Media Broadcast and Production

Summer Tasks

Option 1

Using the courses set for summer work, we want you to create a short, promotional video for an item/brand/event of your choice! This can be filmed on either a camera or a phone , but it must:

- Be at least a minute long
- Be edited on a software of your choice – This can be Premier Pro, Final Cut, or simply just a TikTok/Insta reel!
- Promoting an item/brand/event of your choice – This can be absolutely anything, but you will need to sell it to us like we've never used/heard of it before!
- Include some version of on-screen graphics (titles, text, stickers etc)
- Include any prices, times, dates etc

Creatively, this is up to you! We're looking forward to seeing what you create but, most importantly, have fun with it!

Option 2

Take interesting images from your summer holidays! These will be used as part of Adobe Creative Cloud warm-up tasks at the start of the year.

These can include:

- Landscapes
- Architecture
- Groups of people
- Costumes
- Street art
- Anything else that you consider to be creative!
