4. A summer learning activity/task

In Term 1 we will study advertising and marketing and a range of print ads and film posters from past and present.

Task:

- Research a range of print advertisements and film posters by simply carrying out a 'Google' search for adverts for different products e.g. 'adverts for cleaning products', 'film posters'
- Select a range of adverts and film posters which represent gender (men and women) in a range of different ways. Copy and paste these adverts on to a Word document or into a PowerPoint presentation. Can you annotate your examples to explain how men and women are represented (portrayed)?
- See example below:

Analysis:

- The male character is represented as very masculine – his body language is very strong and assertive e.g. arms crossed, direct eye contact
- He is dressed as a fire fighter, suggesting he is a savior or a hero
- He represents the product – they are both 'strong, dark and powerful.'
